

Appl. No. : 08/942,333
Filed : October 1, 1997

REMARKS

Applicants have amended the specification to insert the recently received serial numbers of co-pending patent applications otherwise identified in the specification.

Pursuant to 37 C.F.R. §1.125(b)(2) and M.P.E.P. §608.01(q), Applicant submits herewith substitute pages of Appendix A of the specification. The substitute pages are being submitted to save the Patent and Trademark Office time in the entry of amendments, and to reduce the number of printing errors. In accordance with 37 C.F.R. §1.125(b)(2), Applicant also submits herewith marked-up copies of the original pages of the specification which show the amendments being made thereto.

No new matter has been added by this amendment. The substitute pages merely contain the completed information with respect to the list of co-pending patent applications that are incorporated by referenced in the specification.

If the Examiner has any questions with respect to these amendments, he is respectfully requested to call the undersigned.

Respectfully submitted,

Knobbe, Martens, Olson & Bear, LLP
